

MEXICANS DESIRE FT. WORTH CONSUL

Conditions in Texas City
Described as Acute to
Consul General

PORT WORTH, April 21.—At the largest mass meeting of Mexicans ever held in Fort Worth, surpassing in size and enthusiasm, the demonstration that greeted President Obregon here last October, approximately 3,000 Mexicans gathered in the city hall to greet Eduardo Ruiz, consul general in California, who is heading a mission that is making a survey of the Mexican situation in Texas. Ruiz is accompanied by Roberto Garcia, consul at Dallas, Jose Payer and Jesus Garcia, attorneys of the consulate.

A conference between the Mexican party and officials of the chamber of commerce, members of the welfare associations, mayor Cockrell and city commissioners were held.

At these conferences the Mexican situation in Fort Worth was outlined to the commission, and in turn the commission stated its mission to Port Worth and outlined plans that might be suggested for the relief of the situation.

It developed that the situation here is acute and Ruiz declared that Port Worth should be provided with a consulate. He said that he would recommend to President Obregon that a consulate be established here at once.

MRS. OTT IS GUILTY

Sentenced to Serve Two Years for
Killing Husband on Streets of
Dallas in Winter of '19

DALLAS, Tex., April 21.—Guilty was the verdict returned by the jury in the case of Mrs. Ida Ott, charged with the murder of her husband, Andrew L. Ott, on December 23, 1919, in criminal district court here yesterday afternoon. She was sentenced to serve two years in the penitentiary.

The trial was one of the most sensational in the history of the court, according to authorities. Children were ordered out of the court room when testimony regarding illicit relations with other men was brought out by the state in questioning Mrs. Ott. She testified that her husband had made her "work" a town for a living for the two and she named over ten states in which she done this.

Miller and Proposes French-German Trust

ROME, April 21.—President Millerand of France, it was authoritatively learned in diplomatic circles here today, favors the establishment of an industrial entente between France and Germany. The keystone of such an industrial alliance, as the French president sees it, would be a gigantic Franco-German iron and steel trust. Negotiations looking to the realization of this scheme are said to have been already initiated at Berlin.

Violence Is Sequel to Alliance Bust-Up

LONDON, April 21.—The first violent sequel to the disruption of the triple alliance that averted the threatened general strike last week came today when a group of dissatisfied members of the Vehicle Workers' union seized the headquarters of the transport workers' organization and ejected its officials.

Creek Leaders in Conference.

OKEMAH, April 21.—An important meeting of leaders of the Creek Indians was held in Weleetka last week. Many of the leading tribesmen were present at the meeting including the new chief, Major Grayson. National Probate Attorney Davis was present from Muskogee and for this reason the English language was used in the discussions. Several meetings of the Indians have been held in Weleetka lately and there is talk in that town that the removal of the Creek capital is contemplated.

Caught With Stolen Horse.

ADA, April 21.—Horse stealing, the great crime of olden days, was again brought up when three men of Stenwall, H. Hulsey, S. Manuel and P. DeLozier, were arrested and brought to the county jail at Ada charged with stealing a horse. It is reported that the horse was in their possession when they were arrested.

High School Stage Is Reproduced by Art Students in Miniature

A miniature stage that is an exact reproduction in every detail of the high school auditorium stage has just been completed and is on exhibit in the art rooms in the school building. Members of the art department and the Stagecraft club have made the tiny model, whose curtains, wiring, lights and setting is an exact replica of the larger stage.

Ralph Harris, stage carpenter, Arthur Campbell, stage electrician, and Ed Wood, scene shifter, have had the burden of responsibility for the construction, wiring and draping of the stage, the gold stage draperies and the blue drop curtains bearing the high school insignia were made by the senior girls.

Church Reunion of Freewill Baptists

A church reunion, to which all Freewill Baptists are invited, will be held in one of Tulsa's newest churches, the Freewill Baptist, at 524 North Tulsa, beginning Friday, April 29, and over Sunday. Rev. J. M. Roberts of Salina will preach Sunday night on the subject, "Communion and Foot Washing."

The Freewill Baptist church began to hold services in March. Rev. J. Mathew is the pastor of the congregation.

OIL COMPANY IS SUED FOR \$54,000

Cole Claims Well Was
Not Completed to
3,000 Feet

C. R. Cole filed a suit for \$54,798 against the Rio Grande Oil and Gas company Thursday in district court. His allegation was a breach of contract.

In his petition Cole said that he purchased two leases from the Rio Grande company, one lease comprising about 3,000 acres, which he bought for \$23,198, and another comprising 1,125 acres, which he bought for \$17,500, both of which are located in Webb county, Texas. When he bought the two leases the oil company, so he alleges, agreed to drill a well on an adjoining lease. The well was to go as deep as 3,000 feet unless oil or gas was reached in paying quantities before that depth.

Such a well was started, he says, but the company has since abandoned it and refuses to go any deeper. The well is not yet 3,000 feet deep, Cole alleges. By refusing to continue the well, Cole says that the company has failed to fulfill its contract and in doing so has lowered the value of his leases. He asks for the return of his purchase price.

MEETING DATES CHANGED

American Legion and the Ladies
Auxiliary to Meet Tuesday

The regular meetings of the American Legion and the Ladies Auxiliary of the legion will be held at 8 o'clock Tuesday night in the city hall. Members are requested to observe the change in the meeting time of these organizations from Wednesday to Tuesday. The time was changed because of inability to secure the hall on the regular meeting night.

The auxiliary will meet in the commissioners' room on the third floor and the American Legion in the auditorium. The auxiliary will make further plans for Americanization day, Thursday, April 28, and will receive reports from delegates who attended the state convention at Enid, April 4-5.

Mrs. C. E. Lahman, president of the Tulsa auxiliary and state chairman of Americanization work says the auxiliary will take an active part in the services on Americanization day. She makes the following appeal to members:

"We urge all women who have soldier relatives to attend this meeting, assist in our plans for Thursday and help push the membership drive we are now engaged in."

Expect Big Apple Crop

Special to The World.

PHOENIX, April 21.—The apple crop, so far as this section of the state is concerned, is safe, according to Col. Joe C. Miller of the 1st ranch, where one of the biggest apple yields in the history of this state was had in 1920. Mr. Miller

says he has made a thorough examination and believe their crop will total approximately what it did last year, basing his predictions on present indications. Other 1st ranch fruit is killed, Miller says, with the exception of a new plum that is being introduced. The fruit on those trees withstood the freeze and frosts, then moving furniture around."

Noisy Angels.

One day when it was thundering every loud Robert, aged 5, said, "Mamma, I guess the angels must be cleaning house." "Why do you think so, dear?" asked his mother. "Cause," was the reply, "I hear them moving furniture around."

Between a man's foot and his shoe, the fine silk of the Phoenix fabric brings stout protection and lasting comfort—at small cost. Silk fibers are long and tough—and Phoenix silk hosiery for men is making remarkable strides in sales these days—because of the great mileage it gives, and the shapely elegance it carries to the end of its journey.
